EXPERIENCE

JUNIOR PYTHON DEVELOPER

Aug 2024 - January 2025

Druv 360°, Ernakulam

- Created and optimized front-end interfaces and back-end logic for web applications.
- Collaborated with team members using Git for version control and efficient workflow management.
- Conducted debugging and testing to ensure functionality and performance of applications.

PYTHON (DJANGO) FULL STACK WEB DEVELOPING (INTERNSHIP)

July 2023 - April 2024

Luminar Technolab, Ernakulam

- Developed and maintained web applications using Python, Django, HTML/CSS, and JavaScript.
- Built and optimized database schemas in MySQL to support scalable and efficient data management.
- Implemented responsive design and user authentication, enhancing security and accessibility.

ACADEMIC PROJECTS

C V SCAN

- 2023

- Developed a user-friendly MySQL database system with Django, HTML, and CSS.
- Enabled dual-user functionality, enhancing job seeker and HR interaction.
- Streamlined job application workflows, creating an efficient recruitment solution.

STUDENT TRACKER

- 2022

- Created a PHPMyAdmin-based system to track student marks and assignments.
- Designed a secure, interactive platform for managing academic records.
- Facilitated administrator access to monitor and update student progress.

PROJECTS

SERVICE CONNECT WEB APPLICATION

- 2024

- Built a web platform that connects users with local service providers (e.g., plumbers, electricians).
- Implemented location-based search and category filtering to enhance user navigation.
- Developed user profile, booking history, and transaction management features for a seamless experience.

JOB PORTAL

- 2024

- Developed a MySQL-powered job portal using Django, HTML, and CSS.
- Implemented job listing, application, and recruitment features to streamline hiring.
- Enhanced user experience to support effective job matching and communication.
